

Wirral Whiskers Mewsletter

*Welcome to my first newsletter of 2021.
I hope everyone is keeping well, safe and happy.*

This year's plans changed very quickly in January. At the moment only vague plans are made with expectations that they will change.

Pet Sitting and Animal Care in 2021

This year, I plan to continue focusing on cat sitting and small animal boarding.

Due to now having a day job, I am only available mornings and evenings, plus anytime at the weekends. I will do my best to cater to your pets preferred time.

Covid precautions are in place such as cleaning door handles. Hygiene is always very important to prevent spreading diseases between pets, so this is just an extension of good practice.

For small animal stays, a handover is done on the door step.

2021 and Pets

Due to recent 'world' events, the availability of pet products can be limited. Food, litter, medicines and even cat trees are out of stock in my usual suppliers. Think ahead for all your pet needs.

Also due to Brexit, if you travel abroad with your pet, the passport scheme has altered slightly. It is a requirement to get a certificate from your vet 10 days before you travel. This is needed before every trip leaving the country.

Pupdates and Events

Last year, a lot of events transitioned and were able to take place online.

16th - 30th March
Virtual Petindex
www.petindexshow.com

This is a fantastic, free online event with webinars about pets including health, behaviour. Great opportunity to learn about new products available.

Don't Forget

If there are any big changes coming up such as returning to work in an office, gradually get your pets used to you leaving the house again.
